CONFIDENTIAL CLAIM RETRACTED

DATE: 5/16/13 AUTHORIZED BY: SE

Dear Governor Fernando:

One of the unanswered questions pertaining to the reclamation of the Jackpile Mine regards the legality of a negotiated agreement for reclamation of the mine. Enclosed, for your information, is a copy of recent BIA-Central Office correspondence addressing this matter.

You will note, the Solicitor has determined that the Department of the Interior has authority to approve an agreement whereby the Anaconda Company may provide a fixed sum of money for reclamation which, in turn, releases Anaconda of all responsibility. The memorandum stipulates other conditions which must be met.

As we discussed yesterday morning, there is much ground to be covered between now and the expiration of the comment period on the EIS. The determination of the Solicitor regarding a negotiated agreement appears to clear-the-way for discussion by the Pueblo with the Anaconda Company which could lead to a negotiated agreement.

Sincerely,

Russell E. Johnson

Superintendent
